Let me tell you a little something about myself

I am the german you need! If you are curious about the world famous german work ethic, come and see for yourself,

I would love to enrich your team with my happy heart and my bubbly character.

Honorable mentions : energetic, open minded, fast learner.

Ten years ago I was trained to be a Graphic Designer, since then I travelled a lot (a lot a lot), worked all kinds of different jobs next to having my own graphic design business. I worked in hospitality throughout the last 13 years and also have experience in being catering

staff and a barista in New Zealand.
